MEMBERSHIPS: MSA | NACAC | INTERNATIONAL ACAC | NESA | SAISA | NAIS | IBO

“

ASB innovates and responds to learner needs.

”

SECONDARY SCHOOL TEACHER

LEARNING THAT MATTERS

OUR MISSION is to inspire all of our students to continuous inquiry, empowering them with the skills, courage, optimism, and integrity to pursue their dreams and enhance the lives of others.

INDIVIDUALIZED LEARNING

Across all divisions, ASB offers a developmentally challenging program of studies that is individualized to meet the needs of each student. Through school-wide initiatives such as EVOLVE at ASB, a multidisciplinary design thinking experience, students are given agency to tackle relevant, real world issues as they collaborate across grade levels.

BEYOND THE CLASSROOM

Middle and High School Students participate in learning beyond the classroom through Week Without Walls and Yatra, ASB's experiential learning programs—both with an intentional focus on service and adventure trips within India. These experiences give students an appreciation for their host country and offer meaningful interactions with various local communities.

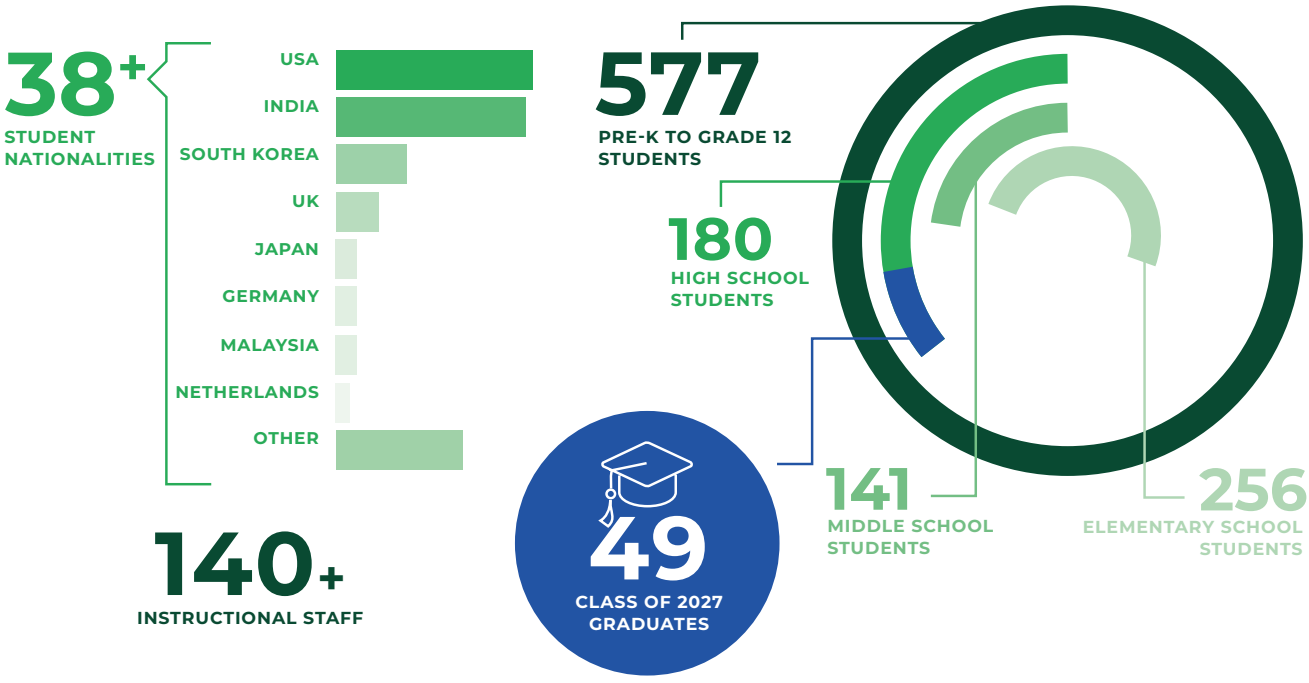

COMMUNITY & SOCIAL RESPONSIBILITY

Our CSR program and NGO partnerships provide all of our Elementary, Middle, and High School Students on-going opportunities to become aware of the environmental and social challenges that exist, to serve the needs of others in our immediate communities, and to reflect and learn from these experiences.

CO-CURRICULAR STUDENT LIFE

With more than 500 yearly sign-ups in Grades 9–12 alone, ASB's PreK–12 co-curricular programs reflect both breadth and depth. Students are encouraged to explore, compete, create, and lead through a wide variety of offerings in visual and performance arts, athletics, student-led service clubs, and student leadership activities such as Student Council and Model United Nations.

ASB IN NUMBERS

> “ASB is a space where learning and teaching practices constantly evolve, supported by educational research and best practices worldwide.”
>
> SECONDARY SCHOOL TEACHING ASSISTANT

COLLABORATION

At ASB, there is an everyday expectation of collaboration and learning from colleagues. Teachers plan together in subject area or grade level teams, as well as work with instructional coaches to develop diagnostic assessments and approaches that best support individual student needs.

CONTRIBUTION

ASB educators have the rewarding opportunity to give back to the local community by participating in our very own Teacher Training Program (TTP) which serves local teachers and NGO partners in Mumbai.

PROFESSIONAL OPPORTUNITIES

IN ALIGNMENT WITH OUR MISSION, we strive to ensure that every educator who joins our community grows and thrives through continuous inquiry, action, and reflection.

PROFESSIONAL DEVELOPMENT

The school continually supports opportunities not only for professional learning, but also for speaking and sharing expertise to help shape the future of education. ASB hosts on-site events and conferences such as ASB Un-Plugged, attended by administrators and educators from ASB and other leading international schools across the globe. In addition, ASB hosts or participates in several yearly learning events including IB Diploma and PYP Conferences, training for Adaptive Schools and Cognitive Coaching, and Google Apps for Education Summits.

“ASB is a place where your work feels like home and your colleagues become your family.”

SECONDARY SCHOOL TEACHER

A WELCOMING COMMUNITY

ASB educators and staff recognize the value of having a diverse and inclusive school community and work to ensure that all members of the community are SEEN, HEARD, and VALUED.

Overwhelmingly, when asked what they enjoy the most about working at the American School of Bombay, our educators and staff will celebrate the warm and welcoming community, and highlight the extraordinary support that they received during their transitions to Mumbai. ASB is committed to providing a safe environment for its students and all members of the community.

ASB truly makes both individual and collective wellness a priority, whether supporting educators and staff during the work day, supporting students’ social-emotional well-being, improving on-campus air-quality, providing facilities for physical fitness, offering ongoing health support through the on-campus health offices, or opening mental health conversations within the community.

LIFE IN MUMBAI

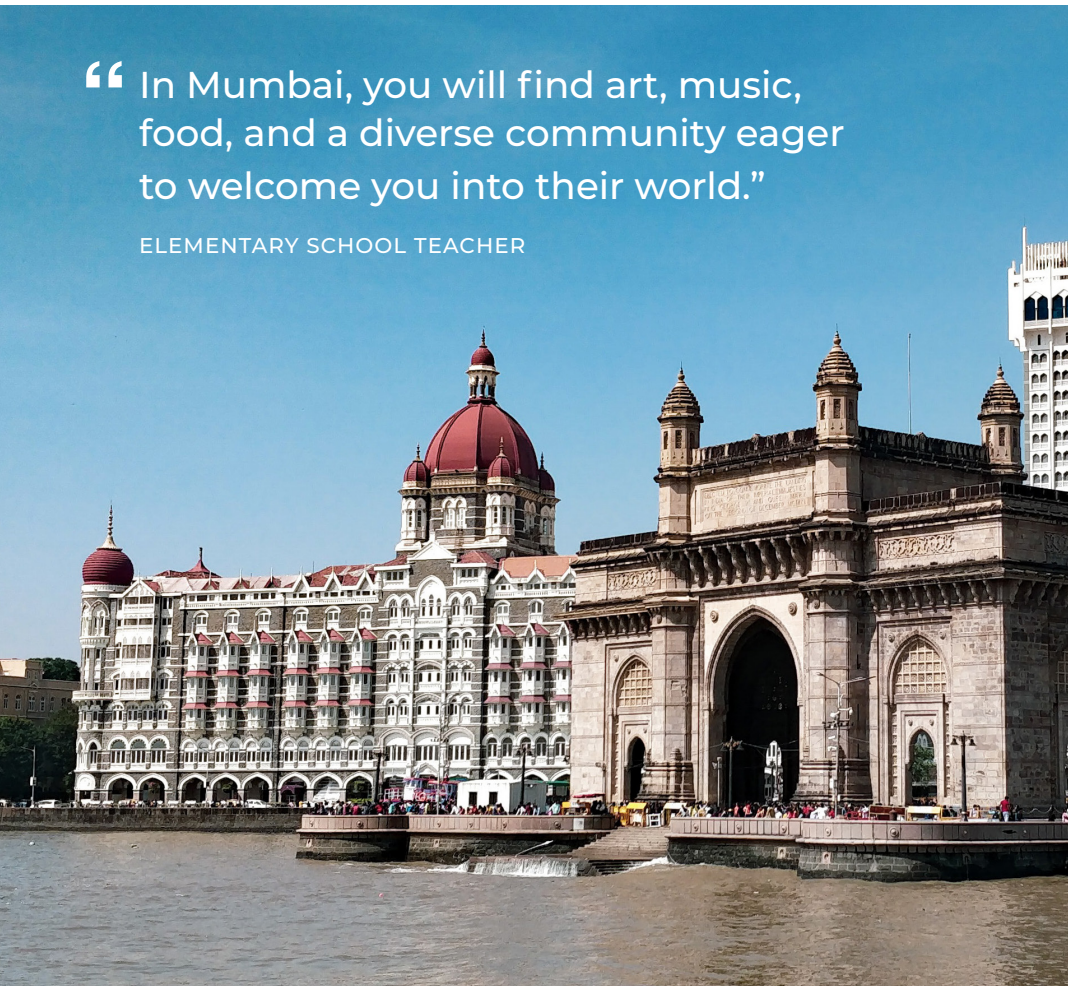

Mumbai is truly the gateway to India.

The birthplace of Rudyard Kipling and Salman Rushdie, Mumbai is India's vibrant cultural and financial capital—home to Bollywood and a truly international hotspot. A city comprised of seven islands, Mumbai has a vibrant arts and culture scene that spills out of its galleries and museums and onto the streets and sidewalks. Nightlife and entertainment are abundant in this cosmopolitan city: there is never a shortage of international and local performances. Local festivals take place almost weekly, including Ganesh Chaturthi, Holi, and Diwali, providing many opportunities to connect to the local culture. Dedicated clubs also offer leisure facilities and a chance to make friends.

The food scene in Mumbai rivals that of other international culinary hotspots, with everything from hawker stalls to Michelin-star restaurants on offer. Markets sell seasonal, fresh produce and local products, and many imported goods are also available in stores and for delivery. The experience of shopping in Mumbai is a reflection of the city's diverse culture. Whether you are looking for a bargain on antique furniture at a street market or high-end designer clothing at one of the city's world-class malls, Mumbai has it all.

Top-quality medical treatment is easily available, with world-class clinics and hospitals offering care at a much cheaper cost than in other countries. Mumbai also has excellent dental care that can cost significantly less.

When it's time for a break from the hustle and bustle of urban life, a wide range of travel opportunities abound. Just a short drive from the city center, hiking trails and outdoor pursuits are conveniently located and easily reachable. The state of Maharashtra offers dayand weekend destinations for short getaways, and Mumbai is well-connected to cities across the whole of India, with air and train travel both affordable and frequent.

“At ASB, you are surrounded by dedicated, skilled professionals who inspire you and support your growth.”
